

MSAA
Mid-State Auto Auction

**Resource Training and Solutions
is happy to announce a new partnership
with Mid-State Auto Auction!**

Mid-State Auto Auction will provide you with an efficient and cost/time saving alternative when selling your organization's unwanted vehicles. Convenience, cost and results are the three reasons you should choose MSAA to handle your vehicle disposal process.

When you choose MSAA to sell your vehicle, they will work with you to protect the selling price that you are comfortable with.

Located in New York Mills, Minnesota.

**Members receive a 5%
discount on the sellers fee!**

The sellers fee is determined
by the sell price of the vehicle.

A Minnesota Service Cooperative

SOLD!

**Benefits of having
Mid-State Auto Auction
sell your organization's
unwanted vehicles:**

No more need to organize a public auction or advertise and try to sell a vehicle on your own!

Save time! They can pick up your vehicle, clean it, sell it, and send you a check.

Turn your vehicles into cash quicker! Because they have an auction every week where over 400 dealers can bid on your vehicle, you can sell your vehicle right away! They also have eight commissioned sales representatives that can hand sell your vehicle six days a week.

Less fees! Mid-State Auto Auction is an independent dealer auction which means there are no fees for storage, registration, title processing, car washes, no sales, or pre-inspections.

Protect your asking price! If the bid comes in short for your vehicle, they will contact you with the bid information and work with you to get the vehicle sold. There is no pressure – just helpful assistance in getting your vehicle to a new owner.

Contact Dee Sullivan at 800-458-5506 or dee.msaanym@arvig.net for more information about Mid-State Auto Auction.
